Moscow, 2017

About International Business Relations, LLC (IBR™)

The IBR™ was established as the consulting and engineering Company acting in the fields of nuclear Power Engineering and its fuel cycle both in Russia and in the NIS. Working in close cooperation with the domestic and foreign business partners the Company provides a broad array of integrated services that enhance the worldwide commercial developments. With vast experience of the staff IBR™ is prepared to meet all requirements of customers.

Now the IBR™ is an experienced, steadily operating and developing Company. The IBR™ personnel possessing perfect knowledge of the Project Management is in a position to solve the most complicated tasks in various fields of science and industry.

The IBR™ is proud of its collaboration with the national and overseas partners including many worldwide known companies and organizations.

The IBR™ is looking forward for your continuous support and encouragement

International Business Relations, LLC (IBR™)

Moscow, Russia

CONTENTS	4
LIST OF FIGURES	7
LIST OF TABLES	9
LIST OF ABBREVIATIONS	11
EXECUTIVE SUMMARY	12
CHAPTER 1. INTRODUCTION	14
1.1 Uranium Mining Industry Development Background in Russia and NIS	14
1.2 Russian and NIS Uranium Deposits and Exploration for Uranium	18
CHAPTER 2. RUSSIAN URANIUM MINING & PROCESSING INDUSTRY	21
2.1 Russian Uranium Mining & Processing Industry: management, regulation & control systems	21
2.1.1 Current management, regulation & control systems	21
2.2 Russian Uranium Deposits and Reserves	35
2.2.1 Streltsovskoe ore field	37
2.2.2 TransUrals uranium ore region	39
2.2.3 Vitim uranium ore region	39
2.2.4 Elkon uranium-gold ore district	41
2.2.5 Other deposits	43
2.2.6 Uranium Exploration in Russia	45
2.3 Russian Uranium Mining & Processing Industry Development	47
2.3.1 Official Concepts, Programs	47
2.3.2 Prospects for development of uranium mining in Russia	49
2.3.3 Development of uranium mining at joint ventures with Russian participation	55
2.3.4 Comparison of Russian official strategy in uranium mining and IBR™ forecasts	63
2.4 Russian Uranium Mining & Processing Technologies: State & Prospects	71
2.4.1 Uranium Mining & Processing Research Organizations	71
2.4.2 Mining Technologies: State & Prospects	71
2.4.3 Processing Technologies: State & Prospects	77
2.5 General procedure for uranium mining and processing licensing in Russia	79
2.6 Russian Uranium Mining Prime Cost	87
2.7 Russian import/export 2003-2016, volumes & customers	89
CHAPTER 3 KAZAKH URANIUM MINING & PROCESSING INDUSTRY	110
3.1 Kazakh Uranium Mining & Processing Industry: management, regulation & control systems	110
3.1.1 Management, regulation & control systems	110
3.1.2 Main enterprises	113
3.2 Kazakh Uranium Deposits and Reserves	117
3.2.1 Uranium provinces of Kazakhstan	117
3.2.2 Geological genesis of Kazakh uranium deposits	119

3.2.3 Shu-Syrdarya (Shu-Sarysu and Syrdarya) uranium province.....	120
3.2.4 Kokshetau uranium province.....	123
3.2.5 Ili-Balkhash ore reserve region.....	123
3.2.6 Pricaspian ore reserve region	123
3.2.7 Assured and prognosticated uranium resources of Kazakh deposits suitable for ISL	123
3.2.8 Uranium Exploration in Kazakhstan	125
3.3 Kazakh Uranium Mining & Processing Industry Development.....	126
3.3.1 Concepts, Programs	126
3.3.2 Prospects for development of uranium mining in Kazakhstan.....	134
3.3.3 Future Exploration in Kazakhstan	143
3.3.4 Comparison of Kazakh development strategy and IBR™ forecasts.....	143
3.4 Kazakh Uranium Mining & Processing Technologies: State & Prospects	146
3.4.1 Uranium Mining & Processing Research Organizations.....	146
3.4.2 Mining Technologies: State & Prospects.....	146
3.4.3 Processing Technologies: State & Prospects.....	149
3.5 General procedure of uranium mining and processing activities licensing in Kazakhstan	149
3.6 Kazakh Uranium Mining Prime Cost	152
3.7 Kazakh natural uranium export in 2003-2016, volumes & customers.....	152
CHAPTER 4 UZBEK URANIUM MINING & PROCESSING INDUSTRY	171
4.1 Uzbek Uranium Mining & Processing Industry: management, regulation & control systems.....	171
4.1.1 Management, regulation & control systems	171
4.1.2 Main enterprises.....	172
4.2 Uzbek Uranium Deposits and Reserves	175
4.2.1 Uranium deposits in Uzbekistan.....	175
4.2.2 Uranium Exploration in Uzbekistan	177
4.3 Uzbek Uranium Mining & Processing Industry Development	178
4.3.1 Concepts, Programs	178
4.3.2 Prospects for development of uranium mining in Uzbekistan.....	179
4.3.3 IBR™ forecast of uranium mining in Uzbekistan	183
4.4 Uzbek Uranium Mining & Processing Technologies: State & Prospects	184
4.4.1 Uranium Mining & Processing Research Organizations.....	184
4.4.2 Mining Technologies: State & Prospects.....	184
4.4.3 Processing Technologies: State & Prospects.....	185
4.5 Licensing of Uranium Mining and Processing Activities in Uzbekistan.....	185
4.6 Uzbek Uranium Mining Prime Cost	185
4.7 Uzbek natural uranium export in 2003-2015, volumes & customers.....	186
CHAPTER 5 UKRAINIAN URANIUM MINING & PROCESSING INDUSTRY	195
5.1 Ukrainian Uranium Mining & Processing Industry: management, regulation & control systems.....	195
5.1.1 Management, regulation & control systems	195
5.1.2 Main enterprises.....	197
5.2 Ukrainian Uranium Deposits and Reserves.....	199
5.2.1 Uranium deposits in Ukraine.....	199
5.2.2 Uranium Exploration in Ukraine.....	205

5.3 Ukrainian Uranium Mining & Processing Industry Development	207
5.3.1 Concepts, Programs	207
5.3.2 Prospects for development of uranium mining in Ukraine.....	209
5.3.3 Comparison of official strategy and IBR™ forecast of uranium mining in Ukraine	211
5.4 Ukrainian Uranium Mining & Processing Technologies: State & Prospects	213
5.4.1 Uranium Mining & Processing Research Organizations	213
5.4.2 Mining Technologies: State & Prospects.....	213
5.4.3 Processing Technologies: State & Prospects	213
5.5 Licensing of Uranium Mining and Processing Activities in Ukraine	213
5.6 Ukrainian Uranium Mining Prime Cost	214
5.7 Ukrainian natural uranium export in 2003-2007, 2010-2016, volumes & customers	214
CHAPTER 6 KYRGYZ URANIUM MINING & PROCESSING INDUSTRY.....	218
6.1 Kyrgyz Uranium Mining & Processing Industry: management, regulation & control systems	218
6.1.1 Management, regulation & control systems	218
6.1.2 Main enterprises.....	218
6.2 Kyrgyz Uranium Mining & Processing Industry Development	220
6.2.1 Concepts, Programs	220
6.2.2 Prospects for development of uranium mining in Kyrgyzstan.....	220
6.3 Kyrgyz Uranium Mining & Processing Technologies: State & Prospects	221
6.3.1 Uranium Mining & Processing Research Organizations.....	221
6.3.2 Mining Technologies: State & Prospects.....	221
6.3.3 Processing Technologies: State & Prospects.....	221
CHAPTER 7. IMPORT/EXPORT OF NATURAL URANIUM IN RUSSIA & NIS.....	222
7.1 Prices for natural uranium exported from NIS	222
ATTACHMENT I. DETAILED DATA ON URANIUM EXPORT FROM UZBEKISTAN 2009-2014	225
ATTACHMENT II. EXTRACTS FROM THE ANNUAL REPORT OF JSC	
ATOMREDMETZOLOTO IN 2016	233
APPROXIMATE III CORRELATION OF TERMS USED IN MAJOR RESOURCES	
CLASSIFICATION SYSTEMS	266
